

GALLANT HEALTHWORKS & ASSOCIATES

Engaging Stakeholders in Health

We are transformational consultants with exceptional skills and networks in health care, leadership, research and education. We advise, lead, co-create and implement solutions that enable clients to achieve their goals. We contribute to quality outcomes in numerous health authorities, organizations and individuals across Canada and beyond.

Our Expertise Includes:

- ✓ community & stakeholder engagement
- ✓ communication & knowledge translation
- ✓ relationship building
- ✓ strategic planning
- ✓ content development
- ✓ meeting & workshop facilitation
- ✓ leadership development
- ✓ mentoring & coaching

Your Results

Your results are improved: stakeholder engagement, sustainability, capacity and quality of care. We help you and your teams achieve these results by building relationships and working from a patient-family-provider approach.

Paul Gallant CHE, PhD(c), MHK, BRec (TR), Principal

Paul is an innovative Certified Health Executive with 25 years of diverse experience in the health care, education and leadership sectors. His experience includes: multidisciplinary clinical teams, governance, teaching, conduit for national and international organizations, plus public and private sector business development

He is an 'Approved Qualified Supplier: BC Government' and is an elected Director of the Canadian College of Health Leaders (CCHL) BC Lower Mainland Chapter.

What Others Say

"I recently worked with Paul as part of patient and health care provider content development/workshop facilitation [project] in primary health. Paul was knowledgeable and skilled in working with and moving our team ahead under tight timelines. He supported team members in reaching our objectives and demonstrated a wide breadth of experience, adaptability and leadership in achieving our end goal...."
R. Plowright, Fraser Health Authority, BC

Paul is a focused, dedicated team leader with strong executive-level support skills and contextual understanding of health care needs across BC and internationally. He has proven ability to communicate clearly and diplomatically..."
Svetlana Kishchenko MD, Public Health Specialist, BC

"Paul is one of those rare individuals with a truly wide range of solid strengths. He is an outstanding team leader, able to inspire and recognize colleagues... His balanced perspective, sound judgment and wonderful sense of humor and ease make him an absolute pleasure to work with in any capacity."
L. Chamberland, Faculty, Douglas College, BC

"Paul has demonstrated the highest values in his work, commitment to quality, delivering effective outcomes...through his extensive support to Person-Centred Health and working with a team through change. Paul has the ability to quickly reach and understand the senior healthcare leaders' viewpoint in various provinces...His values and approaches are based on building and maintaining successful relationships in business and ... to achieve long-term success."
W. Mills, President, Challenging Leaders ON

"We have always found Paul to be a proactive partner, well-connected to the health market and a shrewd observer of trends and assessor of possibilities. Even more important, we find him very reliable and fun to work with."
N. Draper, Director Health Practice, Tribal Group UK
